

Braden Draucek

6th Year Graduate Student at Western Michigan University
email: braden.j.draucek@wmich.edu

Research Interests

- AGN BLR Diffuse Continuum and Emission Lines
- Relationship between the FeII Pseudo-Continuum and BLR Diffuse Continuum features
- Variability in BLR (continuum and emission lines)
- Physical conditions effects on variability
 - Accretion rate
 - $n(H)$, $U(H)$, and relative abundances
 - Shape of Incident Continuum
- Affects of dust to the BLR diffuse continuum and emission lines
